Cost

Hope UK works on a donation basis for churches and voluntary groups, asking that each group considers a contribution towards travel and either paid staff time or the cost of training voluntary Drug Educators.

Statutory organisations, such as schools, are asked to pay a set fee which is currently £40 per Educator for the first hour and £25 for subsequent hours, plus travel and any other expenses

Booking

We aim to provide Drug Educators for every part of the UK whatever the size of group, subject to the availability of our staff and volunteers. We would appreciate at least 6 weeks' notice of a booking.
