- Attitudes and opinions.

Cost:

Hope UK works on a donation basis for churches and voluntary groups, asking that each group considers a contribution towards travel and either paid staff time or the cost of training voluntary Drug Educators.

Statutory organisations, such as schools, are asked to pay a set fee which is currently £60 per Educator for the first hour and £45 for subsequent hours, plus travel and any other expenses.

Booking:

We aim to provide Drug Educators for every part of the UK whatever the size of group, subject to the availability of our staff and volunteers. We would appreciate at least 6 weeks' notice of a booking.
