

HOPE UK PERSONAL MEMBERSHIP

Join Hope UK and make a difference

Hope UK's members are Christians who have chosen a lifestyle free from the use of alcohol, tobacco or illegal drugs.

Membership is free, although donations are very welcome as is an informed and prayerful interest in our activities.

Membership is important because it shows that there are people who care enough about preventing drug-related harm to make this personal decision.

Hope UK members have always made a 'drug-free' choice dating back to the foundation of the UK Band of Hope in 1855. It came about because everyone has an opportunity to influence others by their behaviour – actions do indeed speak louder than words. For Christians, this personal sacrifice is an expression of grace – something done on behalf of others. A 'drug-free' choice can be of immense encouragement to young people who are struggling in a culture where sometimes it seems that everybody is using one drug or another.

If you would like to join Hope UK, then please return the form below:

Note: Hope UK members have chosen an alcohol-free lifestyle but this relates to social use and not the sacramental use of wine in communion. Churches differ according to the wine they use and Hope UK membership should not stop anybody from taking communion in any Christian fellowship.
